

A horse that bows
Spanish walks, rears, waves
and won the nationals.
Only equals Ivory Pal.

A golden palimino stallion
Tennessee Walker
What a dream horse

Ivory Pal and his partner Rafael
are always in harmony
they move as one

They dance the tango
while wearing a tuxedo.

Ivory Pal bows like royalty
is in the room.

Also rears like a horse
on the big screen.

He waves to greet you
and salutes the American flag.
He truly is a Cinderella dream horse.

- Love always Kristin
